Medico-Legal Experience

I am fully up-to date with the Woolf reforms and the subsequent changes this has made to report compiling. My reports are fully compliant with the Civil Procedures Rules, 1998 - Part 35, and subsequent Practise directions 35 (October 2009).

My work is predominantly Personal Injury claims. My expertise is in General Orthopaedic conditions. This includes a special interest in injuries of the upper limb and hand.

The average time to be seen is 2-4 weeks. The turn-around time in returning a completed report, if all medical records have been made available, is less than 2 weeks. Over the last 7 years I have compiled in excess of 600 medicolegal reports.
